S.S. SCIENTIFIC INDUSTRIES PVT. LTD.

AN ISO 9001 : 2015 CERTIFIED COMPANY

Dear Customers,

I am pleased to present our Catalogue in the new range of products in Fluoro Polymer & Polyethylene Lined Equipment. S.S. Scientific Industries Pvt. Ltd. is an ISO 9001-2015 certified company. Company is a leading supplier & deals in designing & Manufacturing of Industrial Borosilicate Glass 3.3 Equipments Since 2007. We have been pioneers in this equipment for the last 13 years.

S.S. Scientific Industries Pvt. Ltd. understands the need for the corrosion-resistant equipment & plants for the Chemical Process Industry. From our customer's feedback & our idea to provide corrosion resistant equipment for a

vast range of products in the Process Industry, S.S. Scientific Industries Pvt. Ltd. has diversified into the manufacturing of Fluoro-Polymer Lined Pipes, Fittings & Equipment.

Lastly but, vastly we would not have come into existence without the support and encouragement of our valued customers and we believe that we would continue to grow because of them. We wish that we will continue to get the feedback and suggestions from our customers to enable us to serve them better.

With best regards,

MANOJ G. AGRAWAL
